

FinWise Bancorp Announces Share Repurchase Program

May 21, 2026

MURRAY, Utah, May 21, 2026 (GLOBE NEWSWIRE) -- FinWise Bancorp (NASDAQ: FINW) ("FinWise" or the "Company"), parent company of FinWise Bank (the "Bank"), today announced that its Board of Directors has authorized a common stock repurchase program to purchase up to 685,000 shares, or approximately 5% of issued and outstanding shares, as of May 19, 2026. Any repurchases made under the program will be made at the Company's discretion with an expiration of May 31, 2028.

"The Board's authorization of a share repurchase program reflects our strong capital position and confidence in the long-term trajectory of the business," said Jim Noone, CEO of FinWise Bancorp. "We ended the first quarter with a Bank Leverage Ratio of 16.8%, nearly double the well-capitalized threshold, and tangible book value of \$14.34 per share. FinWise today is supported by multiple growth engines at varying stages of maturity. We remain focused on disciplined execution and thoughtful capital deployment to build long-term shareholder value."

Under the repurchase program, the Company may, from time to time and on or before the program's expiration date, repurchase shares of its outstanding common stock in the open market, in privately-negotiated transactions, or otherwise, subject to applicable laws and regulations. The extent to which the Company repurchases its shares, and the means and timing of such repurchases, will depend upon a variety of factors, including market conditions, regulatory requirements, availability of funds, and other relevant considerations, as determined by the Company. The repurchase program does not obligate the Company to purchase any particular number of shares. The Company may, in its discretion, begin, suspend, limit or terminate repurchases at any time prior to the program's expiration, without any prior notice. Repurchases may also be made pursuant to a trading plan under Rule 10b5-1 under the Securities Exchange Act of 1934, as amended, which would permit shares to be repurchased when the Company might otherwise be precluded from doing so because of self-imposed trading blackout periods or other regulatory restrictions. The Company expects to fund repurchases under the program with its available cash balances.
